SPRINGFIELD TECHNICAL HIGH SCHOOL

SPRINGFIELD, MASSACHUSETTS

VOLUME ONE

A school is three things:
What the city says it is . . .
What the school believes it is . . .
What it really is.

The city once loved Tech.
The school knew it was great.
And it was.

Yet what the city said
did not make us great;
What we thought, didn't either —
Tech had an inner being of its own.

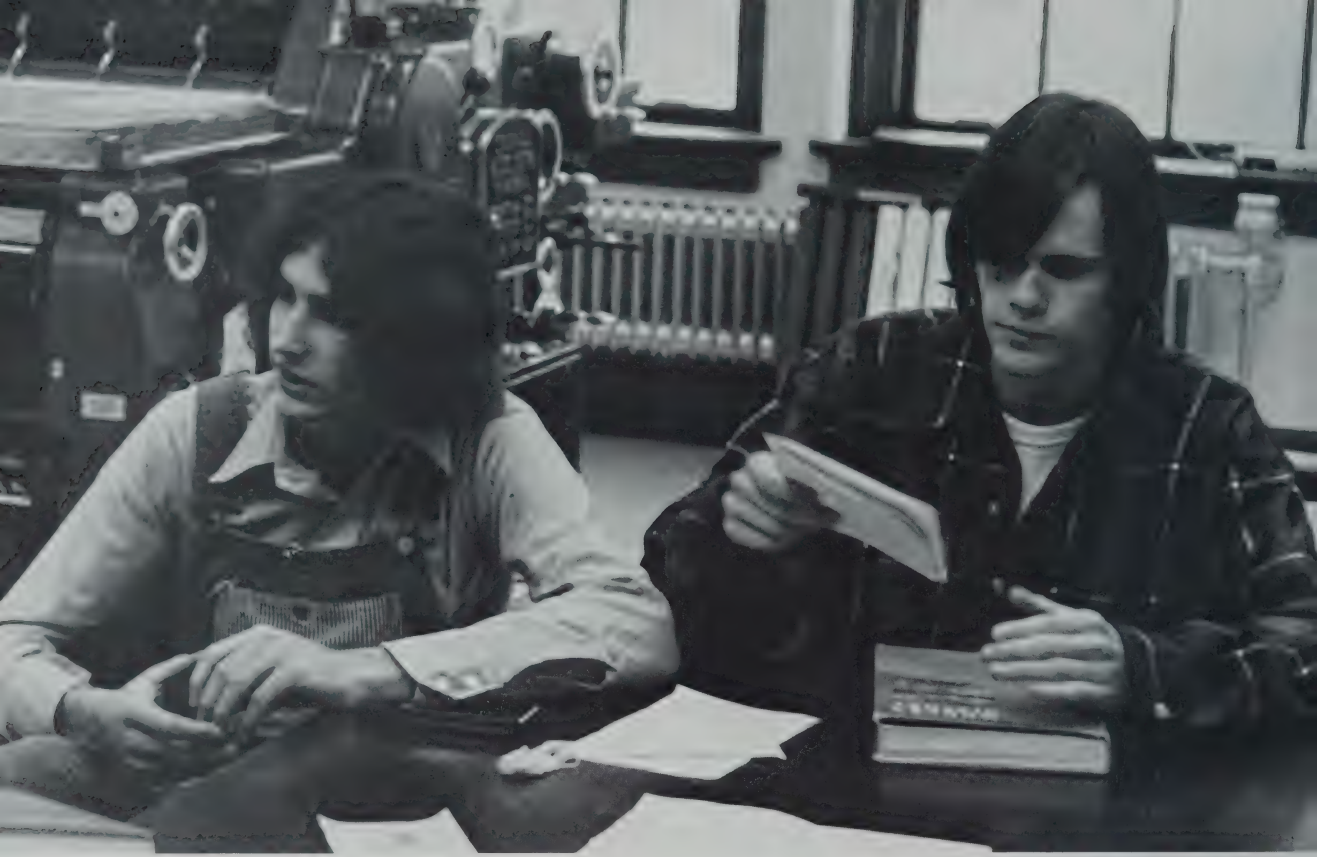

Now many feel our greatness is gone.
And the school wonders too, sometimes.

What is our real identity?

Our image may have been changed,
but the greatness of a school
is neither conveyed by acclaim
nor diminished by scepticism.

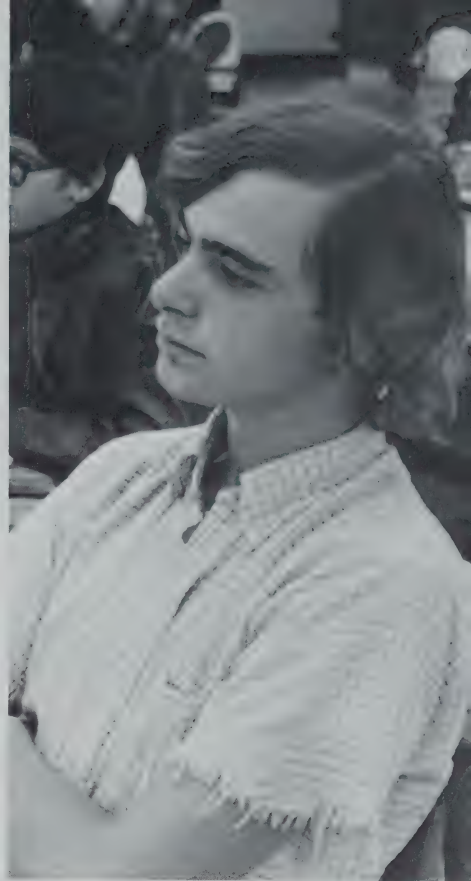

We are the
Vanguard of
reform.

Watch us.

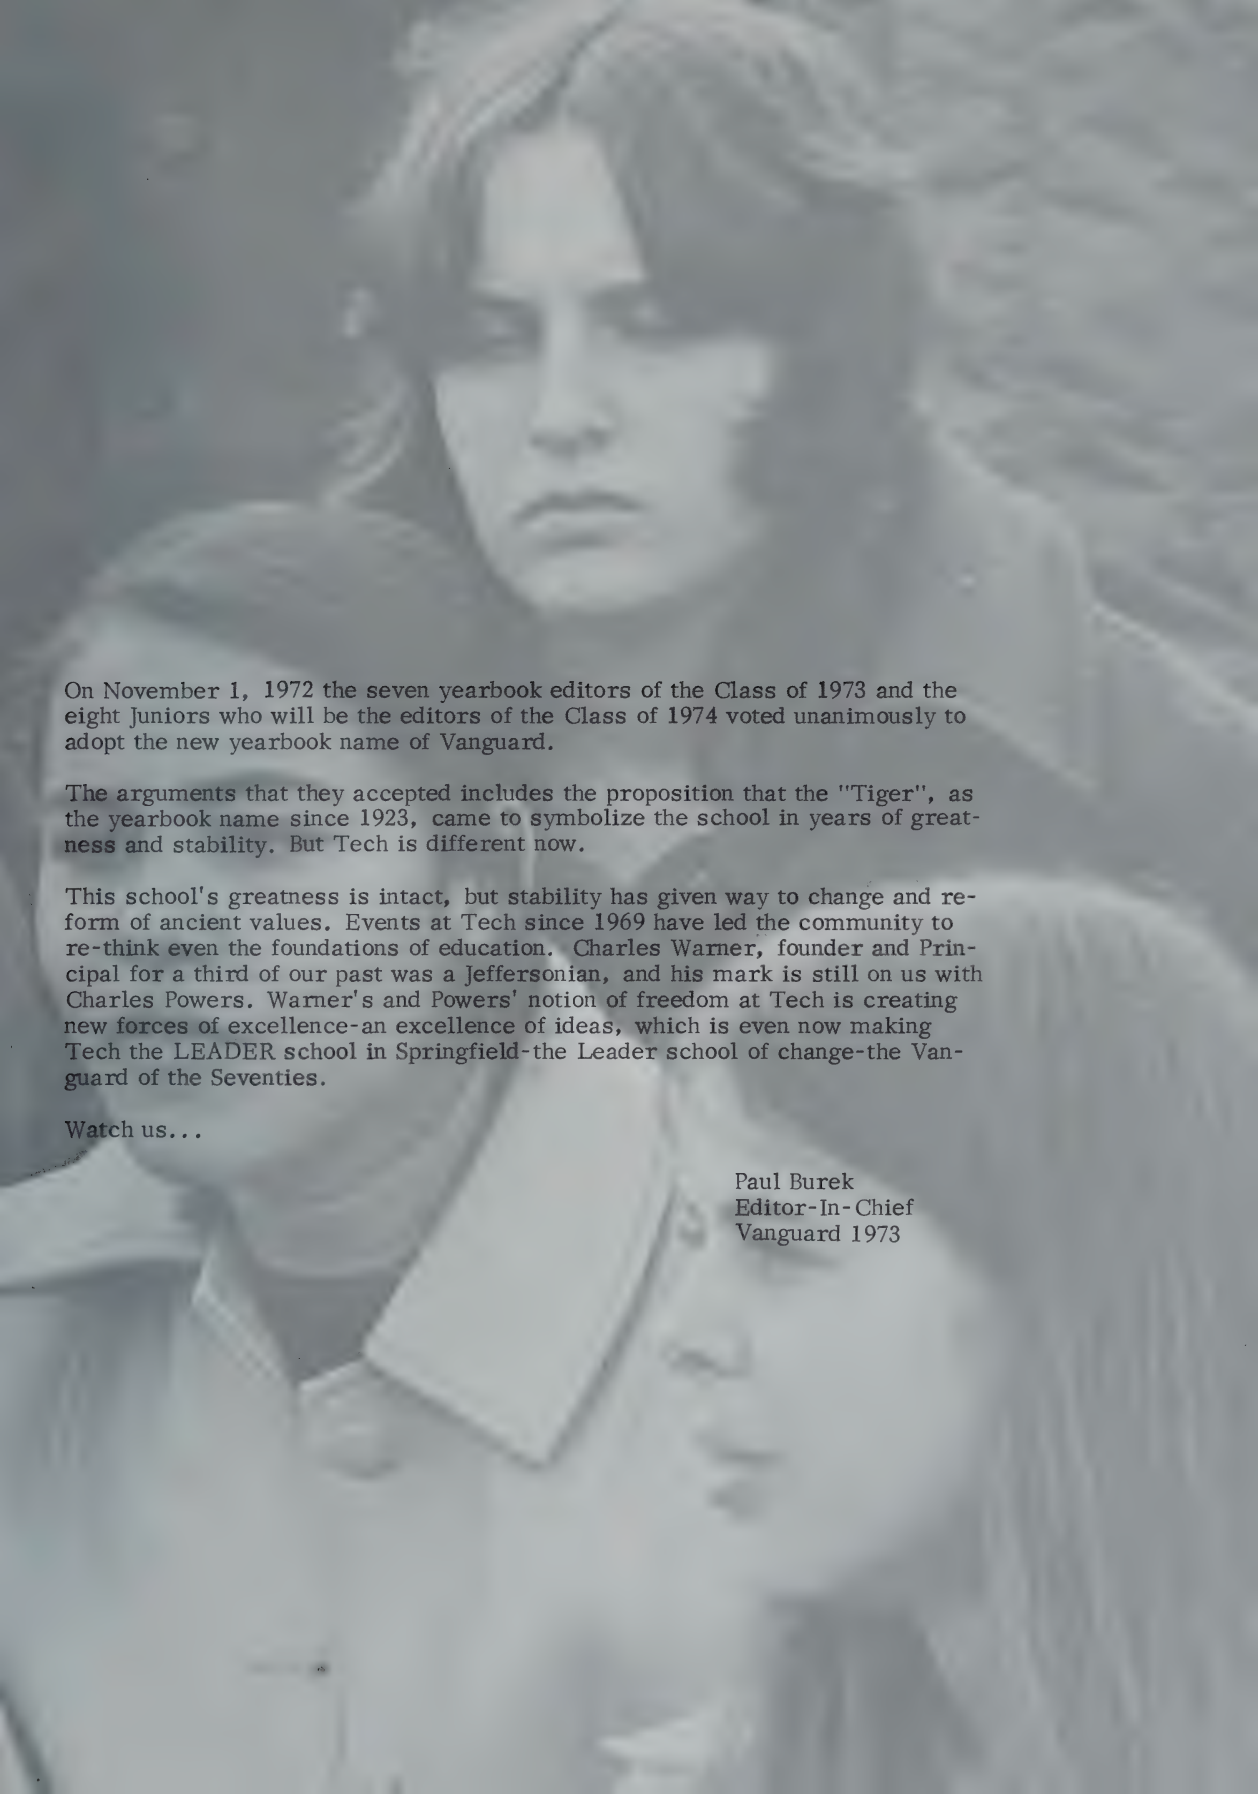

On November 1, 1972 the seven yearbook editors of the Class of 1973 and the eight Juniors who will be the editors of the Class of 1974 voted unanimously to adopt the new yearbook name of Vanguard.

The arguments that they accepted includes the proposition that the "Tiger", as the yearbook name since 1923, came to symbolize the school in years of greatness and stability. But Tech is different now.

This school's greatness is intact, but stability has given way to change and reform of ancient values. Events at Tech since 1969 have led the community to re-think even the foundations of education. Charles Warner, founder and Principal for a third of our past was a Jeffersonian, and his mark is still on us with Charles Powers. Warner's and Powers' notion of freedom at Tech is creating new forces of excellence-an excellence of ideas, which is even now making Tech the LEADER school in Springfield-the Leader school of change-the Vanguard of the Seventies.

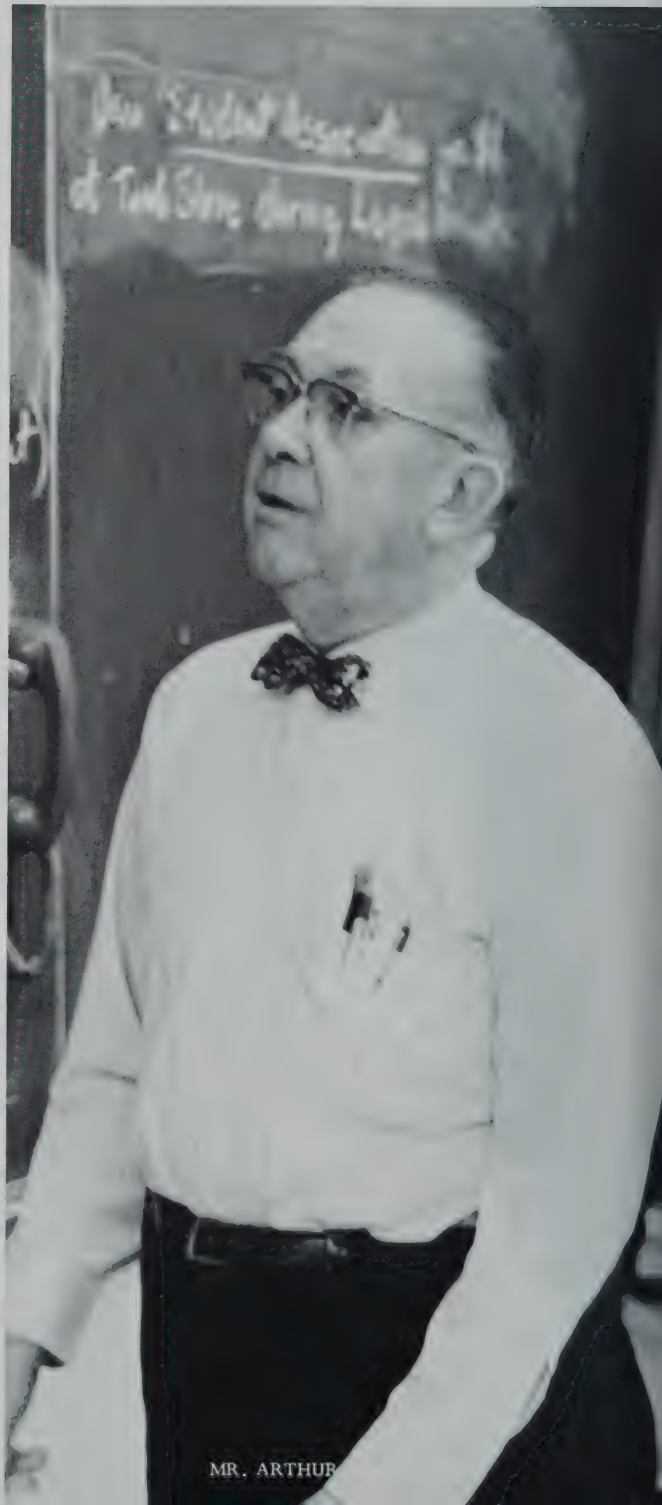

Watch us...

Tech Salutes Four Veterans

MRS. HELEN BRAZEAU

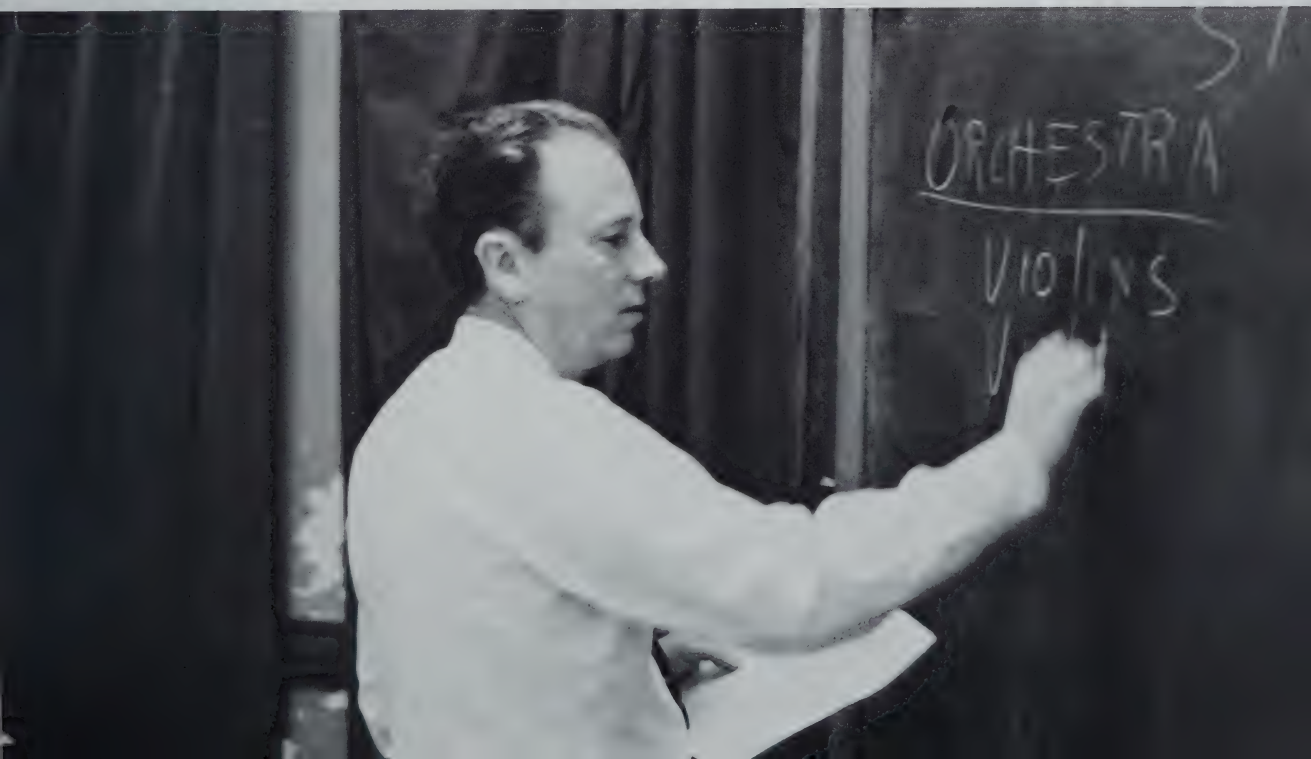

MR. ARTHUR

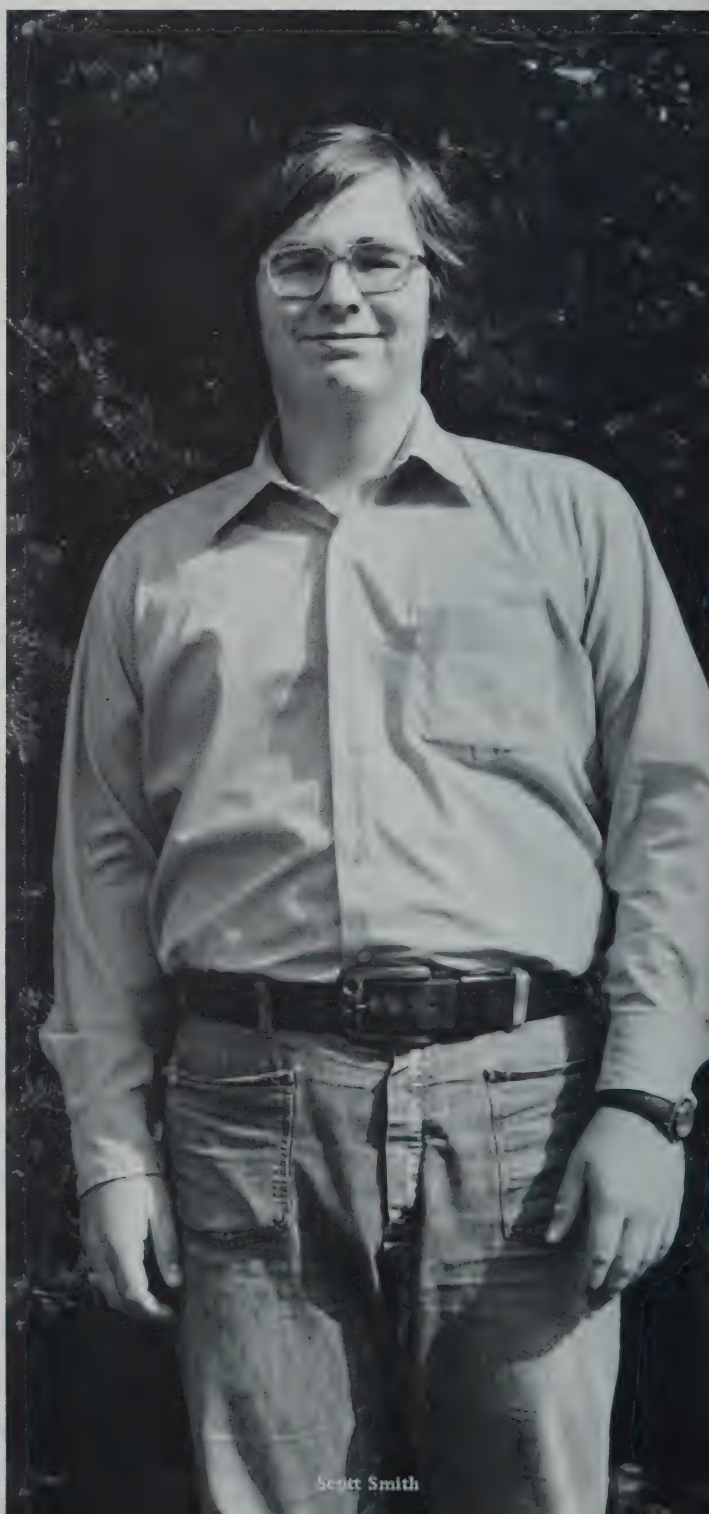

MR. JOSEPH HOPKINS

The year 1973 witnessed the departure from Tech of four of our finest faculty members. Mrs. Helen Brazeau and Mr. Arthur Woodworth are retiring after years of service to this school and its students. Mr. Ralph Murphy has taken his sabbatical leave to advance his professional education. Mr. Joseph Hopkins has been transferred to the Central Office as Director of Personnel. No measurement can possibly contain the contribution of these fine people to Tech and to Springfield.

LORING STUDIOS

New England's  Leading Portrait and Yearbook Photographers

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.
